Sherlock is making notes on a pad

SHERLOCK: I **need** to know what bruises form in the next twenty minutes. Text me.

MISS. HOOPER: Listen, I **was wondering**, maybe later, when you're finished --

SHERLOCK: **Are you wearing** lipstick? You **weren't wearing** lipstick before

MISS. HOOPER: I just ... **refreshed** it a bit.

SHERLOCK: Sorry, you **were saying**?

MISS. HOOPER: I **was wondering** if you'd like to have coffee.

SHERLOCK: Black, two sugars, please I'll be upstairs.

SHERLOCK: Brilliant! He leaps right over the sofa, dashes to his desk, starts stuffing things in his pockets - his kit. And I thought it **was going to be** a boring evening. Serial suicides, and now a note - oh, it's Christmas! Mrs. Hudson, **I'll** be late - might need some food.

MRS. HUDSON: I'm your landlady, dear, not your housekeeper.

SHERLOCK: Something cold is fine. John make yourself at home - have a cuppa! Don't wait up!

SHERLOCK: Oh, she was clever. Clever, yes, I love her! She's cleverer than you lot dead! Do you see? Do you get it? She didn't lose her phone, she never lost it. She planted it on him. When she got out that car, she knew she was going to her death - she left the phone to lead us to her killer!

LESTRADE: But how?

SHERLOCK: What do you mean, how? Rachel, don't you see? Rachel!! Oh, look at you lot, you're all so vacant! What's it like, not being me, it must be so relaxing. Rachel is not a name.

5.

SALLY: The body of Beth Davenport, Junior Minister for Transport was found late last night on a building site in Greater London. Preliminary investigations suggest that this was suicide. We can confirm this apparent suicide closely resembles those of Sir Jeffrey Patterson and James Phillimore. In the light of this, these incidents are now being treated as linked. The investigation is on-going, but Detective Inspector Lestrade will take questions now.

7.

Obviously this is a frightening time for people, but all anyone has to do is exercise **reasonable** precautions. We are all as safe as we want to be.

If you do move in to Baker Street, I would be happy to pay you a **meaningful** sum of money, on a regular basis, to ... ease your way.

She has a string of lovers, and she's **careful** about it - she never leaves it at home.

He's in the wrong building! He's in the same classroom in the other building, a **helpless** spectator!

Furious! He dashes the pill bottle to the ground. His anger is controlled now. More **terrible**.

Nicotine patch helps me think! **Impossible** to sustain a **smoking** habit in London these days - bad news for brain work!

You see, no one ever thinks about the cabbie. It's like we're **invisible**. Just the back of a head. Proper advantage for a serial killer.

I know you've got a brother with a bit of money who's **worried** about you, but you won't go to him for help because you don't approve of him - **possibly** because he's an alcoholic, more **likely** because he **recently** walked out on his wife.

And I know that your therapist thinks your limp is psychosomatic - **quite correctly**, I'm afraid. That's enough to be going on with, don't you think?

8.

One of the most frightening times in my life occurred about three years ago during the October break.

We can't just take a pill and cure a bad diet.

In formal terms, however, the images are quite similar: both show the back of a head in the lower right part of the image, a person standing in front of a vertical plane and looking into a 'different' room.

And so we had negotiations that were going to be going on with 12 hotels at the same time.

You know, that stuff is all in the mind.

There are plenty of people who don't take proper advantage of opportunity.

There's no point in even trying explaining to you how to play.

It's great to finally see you in the flesh.

This actually happens several times on a regular basis.

I just offer that as a suggestion; perhaps it will ease the way.
